

RE: Free summer workshops for neurodivergent young people aged 13-25

Hello 😊

We are a group of neurodivergent artists & creatives based in Greater Manchester. We run creative arts workshops for neurodivergent **young creatives** aged **13 to 25**. We are looking to connect with young people to take part in **FREE workshops** during **SUMMER 2022**.

Neuro-what?! Neurodivergent means having a brain that works differently e.g. Autism, ADHD, Dyslexia, Dyscalculia, Dysgraphia, Dyspraxia, Tourettes, Learning Disability, Mental Health & many more.

All neuro-types are welcome! Those with a diagnosis & self-identifying, too! No experience needed - we are a relaxed & friendly group bringing neurodivergent people together to explore creativity & learn new skills.

Each workshop is led by a professional artist & supported by other lovely creatives. We try out loads of different creative stuff like....

- Visual arts (e.g. painting, drawing, making, designing, print-making, ceramics)
- Digital arts (e.g. animation, character design, illustration, filmmaking, gaming)
- Performing arts (e.g. music, drama, movement)

Send us an email or say hello on social media to connect with us & find out more!

And remember: great minds don't always think alike...

-The Starling Team
